

By their side, thanks to you
Your unbelievable impact

As the pandemic continues to challenge us in every way, we're working even harder to continue our essential projects in over 85 countries.

That means more medicines, equipment and resources — all made possible by the compassion of people like you.

The fact that you remain so connected to this important work is phenomenal. Thank you for keeping our teams right beside our patients at this time of critical need.

Jennifer Tierney
Executive Director
Médecins Sans Frontières Australia

— KENEMA, SIERRA LEONE —

**“After a week we can discharge Momoh.
This is why I became a nurse, to help
people and save lives.”**

— Nurse Hannah Samba

Seven-month-old Momoh was unconscious, with a high fever, when his mother rushed him to our hospital in Kenema. He had severe malaria accompanied by anaemia, but thanks to the emergency treatment he received, Momoh recovered.

**You help us be there when children
like Momoh need us most.**

———— FAR NORTH REGION, CAMEROON ————

“When my son started to walk again, my hope returned.”

– Ibrahim, Bouba’s father

Bouba, nine, was working with his father, a cotton farmer, when a fire suddenly broke out. Bouba suffered severe burns, and spent more than two years in our hospital undergoing treatment and rehabilitation. Now he’s ready to return to school.

Thank you for helping give Bouba a second chance at life.

— BAGHDAD, IRAQ —

“The fact that he was awake and better was a miracle for this family.”

— Doctor Ibie Mohammed

Adil, in his late thirties, was already battling COVID-19 when he suffered a stroke. Thanks to the skill and dedication of our medical team, the lifesaving treatment he received helped him pull through.

Thank you for helping return loved ones like Adil to their families.

— HELMAND PROVINCE, AFGHANISTAN —

“Is this the same baby?” I asked his grandmother, and she said, ‘Yes.’ He just started feeding, growing, picking up weight and he looked fantastic.”

— Paediatric Nurse Supervisor Hanri Rust

Three-month-old baby Jaah was weak, unable to feed, and in critical condition when his grandmother brought him to hospital. After a couple of months under our care, he made a miraculous recovery.

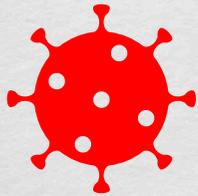

Thank you for giving babies like Jaah the chance they need to survive.

499 PROGRAMS IN OVER 85 COUNTRIES

— YOUR IMPACT THIS YEAR —

1,008,500

people vaccinated against measles
in response to an outbreak

OVER 1 MILLION
